

EYFS School Closure Day: Home Learning (25/11/24)

Please put your learning (photo) onto Google Classroom or bring into school when we are open! (make sure your name is on your learning).

Phonics:

- Practice saying the phase 2 letter sounds learnt so far (booklet given out previously, and on Google classroom/website).
- Say these sounds to your child, can they blend them to say the words? w-e-t / p-e-t/ v-e-t /n-e-t /s-e-t
- Try to write some of these words and draw a picture to go with them.

Maths:

- Say the numbers from 0-20.
- Try counting back from 20-0 (this may be a bit tricky, so count back from 10)
- Say a number from 0-5, your child can quickly show that number on their fingers (4 might be shown as 4 fingers on one hand, or 2 and 2 or 3 and 1!)
- Write the numbers from 1-5 on bits of paper/card. Ask your child to collect objects to show each number (eg 1= 1 ted/ 2 = 2 cars etc).
- How many objects when you add 1 and 2 together? What if you add 2 and 3 together?

Topic:

- This week we will be learning about birthdays.
- Do you know when your birthday is?
- How do you celebrate your birthday?
- Draw a picture of a birthday celebration you have had.
- Can you write the names of some of the people you celebrated with (eg mum/dad...)?
